

## At the Theatres

(Continued from Page Ten.)

straight and eccentric dancing is both clever and very laughable, and their singing of "coon" songs and Swinburn's impersonation of a negro, a silent game of poker in pantomime and their jokes and stories make their act a most amusing one.

Another feature which will be of interest to local theatregoers will be the appearance of Jack Gardner in songs and recitations. Gardner created the title role in "The Chocolate Soldier" and also played the principal straitlaced role in "Madame Sherry." He is recognized in the profession as one of the foremost juvenile actors now on the stage.

One of vaudeville's latest comedy playlets, entitled "Hello Sally," is presented by John T. Ray and Grace Hilliard. A spirit of breezy good cheer and wholesomeness pervades the vehicle. "Hello Sally" was written by Herbert Hall Winslow. Ray's portrayal of the character of Jonathan Hopper is funny.

Paul La Croix, who has been styled by an Eastern writer "the mad hatter," is an eccentric comedian and clever juggler, who will be another of the pleasing features. In the makeup of a "weary Willie" he gives a deft exhibition of balancing and manipulating various odd articles, but it is in the juggling of hats of different styles and shapes that his performance contains its greatest originality.

A comedy acrobatic act is offered by the Elms, a man and woman, who have some very clever and original ideas of how to be acrobatically funny. A troupe of excellent acrobats known as the Alpine Troupe and performing feats similar to those performed by Hassan Ben Ali's Arabs, seen here a short time ago, is an added feature.

Pathe Weekly pictures will be shown as usual.

scenic comedy sensation will top-line the bill at the Colonial for the first half of the week, starting to-morrow. The act is called "Alaska or Bust," and there is a plausible story about a fellow who is going to the Yukon country to wed, and his troubles begin long before he reaches the home of the bride. A full act of scenery is carried. It promises to be one of the best comedy acts seen recently at the Colonial.

J. Warren Keane & Company will offer a versatile novelty, in which they introduce some coin manipulating, illusions, singing and piano playing. Frances Dugan is a well-known variety violinist who is better known for her eccentricities. Her playing will be a feature during the early part of the week.

Nelson and LaMar will demonstrate the intricacies of the latest dances, including the tango, Maxine one-step and hesitation, and they will also show for the first time in this city the new dance called the "tat-tat-o," which is said to have had its origin in the Chinese republic.

The Aeriel Sisters will complete the vaudeville bill with a series of daring feats performed in mid-air.

The Country Store is the added Wednesday night attraction.

Thursday will bring a complete change in the program, when the following acts will be presented:

Carletta in a novel contortion act; Grace Leonard, the male impersonator and better known as the American newsboy; Mr. and Mrs. James R. McCann in their comedy playlet "My Dixie Dad"; Howe and Howe in a burlesque mind-reading act; and Teddy Osborne's Pets.

Metzger-Randall Concert. Metzger, the contralto who succeeded Schumann-Heink at the Hamburg Opera, and Rappold, the prima donna soprano of the Metropolitan Opera Company, are two of the quartet of famous singers who will be presented here in concert by W. L. Radcliffe on Thursday night at the City Auditorium. The other two singers are Theodore Harrison, whose baritone voice estab-

### Hope For Bald Heads

Well Known Politician Nearly Bald Now Has Heavy Growth of Hair.

Tells How He Did It.

A Western politician, well known on account of his baldness and his ready wit, surprised his friends by appearing with a heavy growth of hair; many of his friends did not know him, and others thought he had a wig. On being asked how he did it, he made the following statement: "I attribute the growth of my hair to the following simple recipe, which any lady or gentleman can mix at home. To a half pint of water add 1 oz. of Bay Rum, a small box of Barbo Compound and 1-4 oz. of Glycerine. Apply to the scalp two or three times a week with the finger tips. It not only promotes the growth of the hair, but removes dandruff, scalp humors and prevents the hair from falling out. It darkens the hair, fades, gray hair and makes the hair soft and glossy. These ingredients can be purchased at any drug store at very little cost and mixed at home."—Advertisement.

Sheffield, the tenor, who achieved a glittering success in grand opera in Berlin. Both these Americans studied and won their fame in Europe, and then decided to spend their singing careers in this country. Harrison is a native of Philadelphia, and Sheffield, of St. Louis.

In the concert, as announced by Mr. Radcliffe, the feature will be the presentation of the most beautiful and striking scenes from grand opera, but each of the singers will be heard as soloists. It is Mr. Radcliffe's intention, since he has the advantages of such an unusually fine collection of voices, to make the concert an event characterized by "some of the music that all of the people love all of the time."

In the two women stars, Metzger and Rappold, this city will hear a contralto which has charged the European capitals, and a soprano of such beauty that it was heard more than thirty times in one season in the Metropolitan Opera Company.

Mme. Otilie Metzger-Lattermann comes here practically direct from Europe, for, with the exception of two brief engagements in New York last season, this tour is her first American visit.

The program follows:

## ANOTHER TRIUMPH IN CORSET-MAKING

### SELF-REDUCING Nemo KOPSERVICE

PLEASE remember that the new KOPSERVICE Corsets do not supplant any of the other Nemo models, but are simply a valuable and timely addition to the Nemo family.

Each Nemo model serves a distinct purpose and is adapted to some particular type of figure. The variety is so great that every woman, from sylph-slender to extra-stout, may find a Nemo that will give her better wear and greater satisfaction than she can get in any other make.

When you buy a Nemo, be sure you get the model designed for your figure. Then you will enjoy real corset-comfort—and true economy.

- C—Seams joining the outer skirt to corset-body

- E—Nemo "bridge"

THE new Nemo KOPSERVICE Corsets, now being introduced, embody an entirely new idea in corset-construction—the most important corset-invention of the century.

They produce the real and sensible "nature figure," while retaining all the exclusive hygienic features for which the Nemo is famous.

Now, for the first time, every woman who desires the so-called "corsetless" effect may have it, without discomfort or danger to both her health and shape.

KOPSERVICE Corsets give all the restful comfort of the old short corset while creating the long, easy lines of the present so-called "corsetless" mode.

#### THE DIAGRAM

—below shows how they do it. KOPSERVICE

CORSETS are practically two corsets in one. The lower front consists of (1) an inner corset, similar to the old-fashioned short corset for continuous comfortable support, and (2) an outer skirt, entirely disconnected from inner corset, except where stitched at top. This being boneless, conforms to the natural lines so closely as to give the effect of an uncorseted natural figure.

Four models—two for full figures, and two for slender figures. All have low bust and extra-long skirt, with plenty of durable elastic parts to insure complete flexibility and ease. All at one price—\$5.00

All Nemo Corsets are made under the supervision of The Nemo Hygienic-Fashion Institute, and are guaranteed to be hygienically safe. They PRESERVE YOUR FIGURE and GUARD YOUR HEALTH. Sold everywhere. Ask your dealer.
